
Supplier and Quality Control Manager (m/f/d)

As a global leader in the development of innovative electrolysis systems, hydrogen storage and filling stations, McPhy is a pioneer in the rapidly growing market for renewable energies, especially in the power-to-gas and power-to-fuel segments. McPhy Energy SA is a listed technology company from France with subsidiaries in Italy and Germany.

We are looking for a **Supplier and Quality Control Manager (m/f/d)** to strengthen our team in Wildau, Brandenburg (near Berlin).

Our energy offer for you:

- Flexible working hours
- 30 days holiday
- A pleasant working environment
- Exciting team spirit
- Open feedback culture and flat hierarchies
- Plenty of room for your ideas

Responsibilities

- You are responsible for developing quality control procedures at several steps of the manufacturing
- You define and control relevant quality objectives: technical and visual aspects
- Monitoring the quality of delivered goods and carrying out factory acceptance tests at supplier sites
- You will develop our test methods to ensure that quality requirements are met in a uniform manner and, finally, you will keep our product documentation, technical specifications and process instructions up to date in accordance with ISO standards and regulations
- In liaison with the engineering and manufacturing department, you prepare reports in case of deviations
- You track non-conformities and carry out root cause analyses in order to propose preventive/corrective measures (i.e 8D, 5-Why, Ishikawa method)

Qualifications & Professional Experience

- Engineering or Master's degree in quality with a technical orientation
- Minimum of 7 years of professional experience in the field of quality management, quality assurance or production control in large company (i.e Inspection Test Plan, quality assembly)
- You are confident in the use of relevant quality tools and techniques and are familiar with relevant directives, norms and standards from the machine and plant construction industry
- Very German and good English level but French and Italian are a plus
- You like to work independently but also develop a team spirit. Experience in matrixial organisation is a plus.
- You can conduct internal and external meeting (i.e with suppliers, sub-contractors, customers)
- You are confident to develop and lead quality training session
