

FOR YOUR HYDROALCOHOLIC SOLUTION NEEDS

SEQENS produces up to 75,000L of hydroalcoholic solution per day.

Traditionally reserved for hospital environment, use of hydroalcoholic solution is today strongly recommended to the general public for hand disinfection. It is one of the simple ways to protect oneself from COVID-19. Different from gel by its texture and more pleasant to use, hand disinfection by solution or gel is completely similar.

- **A full truck corresponds to 30 pallets, or 21,600 pump bottles, or 10 800 litres.**

DELIVERY

- The standard delivery time is less than 15 days, it may vary according to the type of packaging and the quantity required.
- We can organize the transport for you (the carrier must be approved for transport of dangerous goods).

QUALITY

- As a major player in pharmaceutical synthesis and specialty ingredients, the solutions we provide are produced and analyzed under the best conditions.
- The formula complies with WHO (World Health Organization) recommendations for hand antiseptics against coronavirus.
- The product's composition is authorized by the French decree of April 3, 2020. It complies with the transitional regime of the European biocide regulation (EU) 528/2012.

Product's composition*

Composition	Quantity (v/v)	Fonction	CAS
Ethanol 96%	83,33%	Active Substance	64-17-5
Hydrogen peroxide 3%	4,17%	Spores Inactivator	7722-84-1
Glycerol 99,5%	1,45%	Humectant	56-81-5
Purified water	Qsp 100%	Solvent	7732-18-5

*SEQENS also offers a formula with ISOPROPANOL (75.15%) raw material produced in France in SEQENS' Roussillon site. The Isopropanol-based formula is as effective as the Ethanol-based formula and is also recommended by the WHO for hand antisepsis.

Our hydro-alcoholic solution has the same composition of products usually available on the market under biocidal status. The ingredients are sourced from quality suppliers.

About SEQENS:

Seqens is a global leader in pharmaceutical synthesis and specialty ingredients. With 24 production sites and 3 R&D centers in Europe, North America and Asia, SEQENS develops tailor-made solutions and ingredients for the most demanding industries such as healthcare, electronics, cosmetics, food and home care. Driven by a culture of excellence and a strong entrepreneurial spirit, our 3,200 employees are committed to providing our customers with the highest level of service and quality while acting ethically in accordance with our Corporate Social Responsibility program.
