perception

Functional Care

Essentials

SODIUM BICARBONATE

Family friendly ingredient
for every beauty day in life

- Teeth whitening
- Deodorants
- Bath bombs

- EXFOLIATING
- pH STABILIZER
- EFFERVESCENT

- Eco-friendly
- Ultra pure & white
- Granular grades
- Natural alternative to PE microbeads

- Halal certified
- Kosher certified
- HACCP compliant

SALICYLIC ACID

Versatile ingredient
for skin purity and evenness

- Anti-dandruff
- Anti-acne
- Skin evener

- KERATOLYTIC
- ANTI-BACTERIAL
- ANTI-MYCOTIC

- Pharma grade
- Paraben free
- Ultra pure & white
- Nature-identical preservative
- Granular grades

- REACH registered
- ECOCERT positive list
- cGMP certified industrial site
- FDA inspected facility

METHYL SALICYLATE

Essential ingredient
for flavourists & perfumer

- Mouthwashes
- Toothpastes
- Mentholated oils & balms

- FLAVOURING
- FRAGRANCE
- PURIFYING
- COOLING & WARMING

- Pharma grade
- Paraben free
- Ultra pure
- Controlled gustative and olfactive properties

- REACH registered
- GMP certified
- CEP/COS
- US FDA inspected
- ISO 22000 compliant
- Halal certified
- Kosher certified
- HACCP compliant

ChemoxyCare Range

ChemoxyCare® 8

Ultrapure Caprylyl glycol
1,2-Octanediol

- Helps preservation
- Humectant
- Emolient

- High scalability
- Pack size flexibility
- New plant soon

- REACH registered

ChemoxyCare® 2EHG

Ultrapure, odorless
2-Ethylhexylglycerin

- Helps preservation
- Humectant
- Emolient

- High scalability
- Pack size flexibility

- REACH registered

ChemoxyCare® 6

1,2-Hexanediol

- Helps preservation
- Humectant
- Emolient

- Focus Asian skin
- Light feel
- Non sensitizing

- REACH registered

The ChemoxyCare range is Kosher
and Halal compliant

- Custom quality agreement for exclusive products

SEQENS, an integrated global leader in pharmaceutical synthesis and specialty ingredients

ABOUT SEQENS

SEQENS is an integrated global leader in pharmaceutical synthesis and specialty ingredients, delivering outstanding performance, unrivalled market responsiveness and bespoke solutions to our customers.

A unique expertise to develop and produce highly complex molecules

SEQENS' mission is to bring R&D and industrial performance to our clients' projects with a unique skill set and a broad continuum of technologies.

Taking science to the next level

SEQENS operates 24 industrial plants and 3 R&D centers in Europe, North America and Asia. More than 300 scientists, engineers and experts develop tailor-made solutions for its customers and ensure that products are successfully transferred into production.

An integrated partner in pharmaceutical synthesis and specialty ingredients

In the pharmaceutical industry, SEQENS supports its customers for the development, scale-up and manufacturing of drug substances from preclinical through to commercial phase and offers a large portfolio of APIs and proprietary products. SEQENS also develops custom solutions and ingredients for the most demanding industries such as healthcare, electronics, cosmetics, food and homecare.

Entrepreneurship, Reliability and Responsibility

Driven by a culture of excellence and a strong entrepreneurial spirit, SEQENS' 3,200 employees are committed to providing its customers with the highest level of service and product quality while acting ethically in the frame of its Corporate Social Responsibility program.
